CERTIFIED TO:

Standard AS 2210.3:2019

Standard ASTM F2413-18 including EH
(Clause 5.6)

Created in close collaboration with miners, our award-winning #980 boot is built to safely and comfortably handle the most demanding underground environments.

- Black waterproof safety mining boot—350mm height
- High quality leather that has been crafted using the most innovative finishing technologies. Superior waterproofing, abrasion resistance and tear strength compared to other leathers
- Fully enclosed metatarsal protection featuring the revolutionary moulded XRD® Extreme Impact Protection metatarsal guard which provides protection without compromising on flexibility and comfort
- Non-metallic penetration-resistant insole
- Quick closure and simple release Boa® Fit System—adjustable for a personalised fit
- Heavy-duty abrasion resistant anti-wicking thread
- Full waterproof bootie
- Full bellows tongue
- Removable Comfort Arch footbed with XRD® Extreme Impact Protection forepart insert provides superior comfort
- Anti-bacterial, washable and breathable footbed
- Low density shock absorbing PU midsole with anti-bacterial agent
- Rubber outsole designed to specifically increase slip resistance in varied environments
 - excellent cut and slip resistance
 - highly resistant to hydrolysis and microbial attack
 - heat resistant to 300°C
 - oil, acid & organic fat resistant
- Fitted shank for maximum torsional stability
- Electrical hazard resistant
- Broad fitting Type 1 steel toe cap tested to resist a 200 joule impact
